

## Helping a care association support it's members

**client**

Registered Care Homes Association (RCHA)

**market sector**

Social care

**brief**

A year ago we were asked to re-design the old "Carefinder" website. The old site proved to be so successful that it was decided to upgrade it under the auspices of the RCHA and improve the content.

**solution**

A site that provides information for the public, care professionals and members.

**result**

Searching for the right care home is difficult because families do not know where to begin, this website makes this search easy providing information about all care homes in East Sussex and Brighton and Hove.

**provided**

- Design, build and hosting
- Database with secure access for members
- Members now have access to key documents
- Website - [www.carefinder.org.uk](http://www.carefinder.org.uk)
- Domain name

**testimony**

"...we are now able to provide our members with essential information to help them run their homes more effectively..."
